

THE JFW

PROJECT
BOOK
1979-80

Dear League Member:

It is no secret - indeed we are proud of the fact - that Jewish Junior Welfare League attracts to its membership young women who are intelligent and seeking ways to express and fulfil themselves meaningfully. With this knowledge always in mind, our older projects have been re-evaluated, and new projects sought. We are proud to present our project slate for 1979-80 and hope each and every one of our members will respond to a project that excites and challenges her abilities. Each project demands a willingness on the part of the volunteer to use her intelligence and creativity, and demands, too, a commitment to give her very best unflinchingly. We hope all of you will rise to this challenge and make this coming year one of the best for herself and League.

Read this pamphlet carefully, and become acquainted with all our various projects. Select the project or projects that appeal to you most, Within the next two weeks you will be called and asked for your commitment.

If you have any questions, please don't hesitate to contact me at 684-0101.
